## Advantages:

- 1.The corten steel edge domestic range is manufactured from 1.6mm mild steel and is hardy enough to handle ride on mowers and light vehicles.
- 2.This flexible steel edging can be quickly installed with no specialist tools required.
- 3.Easily forming both straight lines and curved radiuses, or bent on site to form precise angles.
- 4.It provides the perfect edge restraint in a variety of landscaping applications.
- 5.Our coloured edgings have a further 110-micron UV resistant polyester powder coating preventing colour fade, forming a durable scratch resistant barrier to guarantee a 20yr plus product life.

| Package     | 4pcs/8pcs/box              |
| Height(cm)  | 18cm, Stake Length:12cm    |
| Weight (kg) | 1.2kg/2.4kg/ctn            |
| Length (cm) | 43cm                       |
| Material    | PP                         |
| Width (cm)  | 3cm                        |

# 06 Simulation Stone Garden Fence

## Typical Usage:

Courtyard gardens, low fences & gardening decoration supplies & outdoor plastic partitions & small fences.

## Advantages:

- 1.Made of sturdy and durable PP, resistant to wind and rain, adding a novelty to your garden.
- 2.With a stone-like effect, the overall look of this lawn decor features a cobblestone style that separates the grass on the lawn from the plants in the flower beds and can guarantee that your garden will look great.
- 3.Easy to operate and install without digging or cutting. Make sure the soil is soft and slightly damp, interlock the pieces together, and insert into the ground.
- 4.You can buy multiple pieces and cover your own lawn edge by DIY.
